Program Description

SOAR for Youth was established to help foster youth move through adolescence and into their adult lives with hope, confidence, and independence. Through a summer residential program and other activities throughout the year, SOAR for Youth provides sustained support to its young participants over a five - ten year period. Once selected each youth begins moving through four consecutive years of one-week residential pre-collegiate summer academies (Prepare To SOAR, Learn To SOAR, Time To SOAR, and SOAR To College) held on the University of California Berkeley campus. While at academy the young participants are closely supervised, coached, and counseled by caring and experienced adults. In addition to the summer academies, activities throughout the year are planned to help participants stay connected with their peers and with SOAR for Youth staff. The curriculum includes:

- Academic enrichment in critical subject-matter areas like writing and math.
- College orientation and guidance.
- Outdoor adventures where bonding and teamwork are key.
- Success stories from former foster youths and career role models.
- Life-skills training, including help with personal finance.
- Career development, including job search and interview skills.
- Connection to emancipation services and college scholarship programs that continue to provide a safety net for SOAR graduates.

In 2012, SOAR added academic support services to help our young people achieve their long-term life goals. With the new services, our young people will receive sustained support from SOAR until they graduate from high school and through their third year in college.

Program applicants (Social Welfare foster youths in grades 6-8 now and entering 7-9 in the fall) residing in the Bay Area must have demonstrated academic capability (GPA = C average or above), be adaptable to a group setting, and want to participate in SOAR for Youth activities themselves.

The following pages contain the necessary forms and waivers to be filled out by a legal guardian, social worker, or legal counsel, with the full participation of the applicant. Please complete and return the pages marked with asterisks (*) to SOAR for Youth (PO Box 1291, Berkeley, CA 94701) by April 30 (post-marked). Selected youth will be notified before end of May.
